Figure 3 was printed incorrectly. The new figure and legend are printed below.

**Figure 3.** In Panel D, the dotted arrows labeled $E_{g_{n+1}} - QRS_{n+3}$ and $E_{g_{n+1}} - QRS_{n+3}$ should begin at the same point in time relative to the site 35 electrogram. It can be the onset or peak, as long as it is consistent.

Please note the addition of an Acknowledgment section for this article.

**Acknowledgment**
The authors wish to thank Mr. Charles Mangano, RDMS, for his technical expertise in the representative ultrasound images.
