In the October 4, 2005 Supplement A entitled “How to Become a Cardiovascular Investigator” the authors for the Symposium Presentations should have been listed as below:

**Choosing a Research Project/Mentor**
Michael E. Mendelsohn, MD, FACC (Molecular Cardiology Research Institute, New England Medical Center, and Molecular Cardiology and Medicine, Tufts University School of Medicine, Boston, Massachusetts)

**Funding Opportunities for Investigators in the Early Stages of Their Career Development**
C. William Balke, MD (Office of the Dean, University of Kentucky College of Medicine, Lexington, Kentucky)

**Bridging Funding Opportunities for Young Investigators**
Robert O. Bonow, MD, FACC (Northwestern University Feinberg School of Medicine, Division of Cardiology, Northwestern Memorial Hospital, Chicago, Illinois)

**Panel Discussion: Opportunities for Young Investigators**
Valentin Fuster, MD, PhD, FACC (Zena and Michael A. Wiener Cardiovascular Institute and the Marie-Josée and Henry R. Kravis Center for Cardiovascular Health, Mount Sinai Medical Center, New York, New York)

**Careers in Clinical Research**
Daniel B. Mark, MD, MPH (Outcomes Research Group, Duke Clinical Research Institute, Department of Medicine, Division of Cardiology, Duke Heart Center, Durham, North Carolina)

**Careers in Clinical Trials and Epidemiology: Toolkit for the Clinical Investigator**
Elliott M. Antman, MD, FACC (Samuel A. Levine Cardiac Unit of the Cardiovascular Unit, Brigham and Women’s Hospital, and Harvard Medical School, Boston, Massachusetts)

**Careers in Outcomes Research**
Harlan M. Krumholz, MD, SM, FACC (Departments of Medicine [Section of Cardiovascular Medicine, and the Robert Wood Johnson Clinical Scholars Program], and Epidemiology and Public Health, Yale University School of Medicine, and the Yale-New Haven Hospital Center for Outcomes Research and Evaluation, New Haven Connecticut)

**Careers in Imaging Research**
Robert S. Balaban, PhD (Laboratory of Cardiac Energetics, National Heart, Lung, and Blood Institute, National Institutes of Health, Bethesda, Maryland)

**Careers in Electrophysiology Research**
Eric N. Prystowsky, MD, FACC (Clinical Electrophysiology Lab, The Care Group, LLC, Indianapolis, Indiana)

**Careers in Translational Invasive Research: Confucius, Fractals, and Relativity**
James J. Ferguson, MD, FACC (St. Luke’s Episcopal Hospital, Texas Heart Institute, Baylor College of Medicine, and the University of Texas Health Science Center at Houston, Houston, Texas)

**Panel Discussion: Moving Beyond the Clinical Experience—Specialized Research Opportunities: Part 1**
Thabet O. Al-Sheikh, MD, FACC (Cardiology Consultants, PA, Pensacola, Florida)

**Careers in Basic Cardiovascular Research**
Bradford C. Berk, MD, PhD, FACC (Center for Cardiovascular Research, University of Rochester Medical Center, Rochester, New York)

**Charting a Course in Basic Cardiovascular Research**
Stephen F. Vatner, MD (Cell Biology and Molecular Medicine, New Jersey Medical School, Newark, New Jersey)
Careers in Electrophysiology Research
Douglas P. Zipes, MD, MACC (Division of Cardiology and the Krannert Institute of Cardiology, Indiana University School of Medicine, Indianapolis, Indiana)

Making the Transition to Translational Invasive Research
David R. Holmes, Jr, MD, FACC (Mayo Clinic College of Medicine, Rochester, Minnesota)

Panel Discussion: Moving Beyond the Clinical Experience—Specialized Research Opportunities: Part 2
Robert O. Bonow, MD, FACC (Northwestern University Feinberg School of Medicine, Division of Cardiology, Northwestern Memorial Hospital, Chicago, Illinois)
Valentin Fuster, MD, PhD, FACC (Zena and Michael A. Wiener Cardiovascular Institute and the Marie-Josee and Henry R. Kravis Center for Cardiovascular Health, Mount Sinai Medical Center, New York, New York)
Douglas P. Zipes, MD, MACC (Division of Cardiology and the Krannert Institute of Cardiology, Indiana University School of Medicine, Indianapolis, Indiana)
David R. Holmes, Jr, MD, FACC (Mayo Clinic College of Medicine, Rochester, Minnesota)
Bradford C. Berk, MD, PhD, FACC (Center for Cardiovascular Research, University of Rochester Medical Center, Rochester, New York)

Cardiovascular Genetics, Genomics and Proteomics: Career Opportunities Abound
Christine E. Seidman, MD (Harvard Medical School and the Cardiovascular Genetics Service, Brigham and Women’s Hospital, Boston, Massachusetts)

Women and Academic Medicine
Elizabeth G. Nabel, MD (National Heart, Lung, and Blood Institute, Bethesda, Maryland)

Panel Discussion: Greater Representation for Minorities and Women in Cardiology
Robert O. Bonow, MD, FACC (Northwestern University Feinberg School of Medicine, Division of Cardiology, Northwestern Memorial Hospital, Chicago, Illinois)
Valentin Fuster, MD, PhD, FACC (Zena and Michael A. Wiener Cardiovascular Institute and the Marie-Josee and Henry R. Kravis Center for Cardiovascular Health, Mount Sinai Medical Center, New York, New York)
Augustus O. Grant, MB, ChB, PhD, FACC (Department of Medicine, Division of Cardiology, Duke University Medical Center, Durham, North Carolina)
Harlan M. Krumholz, MD, SM, FACC (Departments of Medicine [Section of Cardiovascular Medicine, and the Robert Wood Johnson Clinical Scholars Program], and Epidemiology and Public Health, Yale University School of Medicine, and the Yale-New Haven Hospital Center for Outcomes Research and Evaluation, New Haven, Connecticut)
Elizabeth G. Nabel, MD (National Heart, Lung, and Blood Institute, Bethesda, Maryland)

Opportunities in Training and Careers for International Medical Graduates
William A. Zoghbi, MD, FACC (Echocardiography Research, Baylor College of Medicine and the Echocardiography Laboratory, The Methodist DeBakey Heart Center, Houston, Texas)

Panel Discussion: Junior and Senior Investigators Exchange
Valentin Fuster, MD, PhD, FACC (Zena and Michael A. Wiener Cardiovascular Institute and the Marie-Josee and Henry R. Kravis Center for Cardiovascular Health, Mount Sinai Medical Center, New York, New York)
Robert O. Bonow, MD, FACC (Northwestern University Feinberg School of Medicine, Division of Cardiology, Northwestern Memorial Hospital, Chicago, Illinois)
Christine E. Seidman, MD (Harvard Medical School and the Cardiovascular Genetics Service, Brigham and Women’s Hospital, Boston, Massachusetts)
