The article by Fraker TD Jr., Fihn SD, writing on behalf of the 2002 Chronic Stable Angina Writing Committee, 2007 chronic angina focused update of the ACC/AHA 2002 Guidelines for the Management of Patients With Chronic Stable Angina: a report of the American College of Cardiology/American Heart Association Task Force on Practice Guidelines Writing Group to Develop the Focused Update of the 2002 Guidelines for the Management of Patients With Chronic Stable Angina, which published ahead of print on November 12, 2007, was modified before the print issue of December 4, 2007 (J Am Coll Cardiol 2007;50:2264–74), in that the following footnote was added to the cover page:

Dr. Pasternak is no longer a member of the writing group. In June 2004, he accepted an offer of employment as Vice President, Clinical Research, Cardiovascular and Atherosclerosis, at Merck Research Laboratories, and such employment precludes writing group membership. He was not involved in this 2007 Focused Update.

The current version reflects this change.
